The School Committee's policy on Disability and Discrimination reflects the school's legal obligation and duty to devise Equality Schemes for Disability, Race and Gender.

This policy is written in the context of:

- The National Curriculum 2000
- The Race Relations (Amendment) Act 2000
- Part 5A of The Disability Discrimination Act (DDA)2010
- The Children Act 2004
- Gender Equality Duty Code of Practice 2007
- Every Child Matters Green Paper 2003
- National Healthy Schools Programme 1999
- The Equality Act 2010

Aims and Values

Quwwat Ul Islam Girls' School is a welcoming, friendly and inclusive school where everyone is valued highly and where tolerance, honesty, co-operation and mutual respect for others are fostered. We seek to be a community that places learning at the center of all its activities and a school that offers achievement, success and recognition of worth to all its members. We are a school that provides students with an awareness of the global dimension and a respect for other cultures. Quwwat Ul Islam is a school that fosters integrity, fairness and respect. We are committed to the development of the whole person within a supportive, secure and creative environment. A broad, balanced and appropriate curriculum provides equal opportunity for all students to maximize their potential regardless of age, race, colour, religion, disability or sexual orientation.

At Quwwat Ul Islam Girls' School we aim to promote equality and diversity and tackle any form of discrimination. We seek to remove and barriers to access, participation, attainment and achievement. We will promote community cohesion at school, national and global levels and implement all necessary actions in relation to ethnicity, religion or belief, and socio-economic background.

To meet its duties in respect of Equality Schemes for Disability, Race and Gender, the school will aim to:

- provide a secure environment in which all our students can flourish and achieve all five outcomes of Every Child Matters (be healthy, stay safe, enjoy and achieve, make a positive contribution, and enjoy economic well-being);
- if required eliminate unlawful gender discrimination and harassment;
- if required eliminate discrimination that is unlawful under the DDA;
- promote positive attitudes towards disabled people;

- encourage participation by disabled people in public life;
- prepare students for participation in Britain's multi-ethnic, diverse society;
- help all students develop a sense of personal and cultural identity that is confident and open to change;
- acknowledge the existence of racism and take steps to prevent it;
- oppose all forms of racism, xenophobia, racial prejudice and racial harassment;
- protect students against discrimination who are pregnant, recently given birth or who are undergoing gender reassignment.
- Not allow students to be victimized for anything done in relation to the Act by their parent or sibling.
- work with parents and the wider school community to promote equality of opportunity for all.

To achieve these aims we will:

- involve stakeholders in the development and review of policy relating to Disability and Discrimination;
- publish and share our policy with the school and wider community
- collect and analyse data to ensure all groups are progressing well and no group is subject to disadvantage;
- use all available information to set suitable learning challenges for all, respond to students' diverse needs and overcome any potential barriers to learning;
- have high expectations of behaviour which demonstrate respect to others.

Responsibilities

The School Committee

The School Committee is responsible for:

- the school's compliance with Equality & Diversity and Disability & Discrimination legislation
- being involved, as appropriate, in dealing with serious breaches of the policy.

The Headteacher

It is the headteacher's responsibility, in conjunction with the Senior Leadership Team, to:

- implement the policy and its strategies and procedures;
- ensure that all staff receive appropriate and relevant Continuous Professional Development (CPD);
- actively challenge and take appropriate action in any cases of discriminatory practice;
- deal with any reported incidents of harassment or bullying in line with guidance;
- The Headteacher will report annually to the School Committee on the school's compliance with the Disability and Discrimination Policy.

All staff

It is the responsibility of all staff to:

- be vigilant in all areas of the school for any type of harassment and bullying;
- deal effectively with all incidents of victimisation caused by perceived differences;
- promote an inclusive curriculum and whole school ethos which reflects our diverse society and challenges bias and stereotyping;
- promote equality and good relations and not discriminate on grounds of age, gender, race, colour, religion, disability or sexual orientation
- keep up to date with equality legislation, development and issues by attending relevant training and accessing information from appropriate sources.

Monitoring and Evaluation

- Data will be used to monitor the attainment and progress of students by special educational needs and ethnic group;
- The results of review and evaluation procedures will inform planning, target setting and school improvement objectives;
- The site issues relevant within the Accessibility Plan are reported to the School Committee. Policy statements for Disability and Racial Equality plus Accessibility plans are attached. The policy and plans will be reviewed every three years.

Disability Equality and Accessibility

Definition of disability

A disabled person (child or adult) is someone who has a physical or mental impairment, which has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities.

- A **physical or mental impairment** includes sensory impairments; impairments relating to mental functioning, including learning disabilities; and long term health conditions such as diabetes, epilepsy, HIV infection, cancer or multiple sclerosis.
- **Substantial** means more than minor or trivial.
- **Long-term** means an impairment that has lasted at least 12 months, or is likely to last 12 months or for the rest of the person's life.
- **Normal day-to-day activities** cover the following categories: mobility; manual dexterity; physical coordination; continence; ability to lift carry or otherwise move everyday objects; speech, hearing or eyesight; memory or ability to concentrate, learn or understand; perception of the risk of physical danger.

Someone with impairment may be receiving medical or other treatment which alleviates or removes the effects of that impairment (but not the impairment itself). In such cases the treatment should be disregarded and the impairment is taken to have the effect it would have had without the treatment. Some people are automatically deemed to have a disability covered by the Act – those with HIV, cancer, MS, and severe disfigurements. There are special provisions for people with progressive or recurring conditions.

Presence: A register will identify how many disabled students there are in the school and which impairment groups are represented.

Achievements: A detailed analysis of outcome data for disabled students will focus on:

- exams;
- accredited learning;
- end of key stage outcomes;
- achievements in extra-curricular activities; and
- broader outcomes such as those set out in Every Child Matters.

Promoting equality of opportunity

The accessibility plan indicates many of the reasonable adjustments that will be made to secure equality of opportunity. In addition, staff will consider the reasonable adjustments required to involve all students in educational trips and visits. The School will consider action research projects to further include disabled students in the life of the school.

Notwithstanding the actions and commitments reinforced in the Accessibility Plan, the school is committed to work alongside parents/carers in providing improved and tailored access to its premises, curriculum and provision of information. However, as an independent school with very restricted funding, these options will depend upon extended commitment, support and

assistance from parents/carers and/or relevant agencies, financially, through parental or parentally-facilitated suitable classroom assistance or through any other suitable method.

Eliminating discrimination and harassment

The following actions are planned:

- Training opportunities for teaching assistants and other staff in meeting the needs of students with language and communication impairments;
- Information on all students with disabilities to be made available digitally and securely for staff;
- awareness raising of disability-related harassment through assemblies and PSHE programmes;
- review of anti-bullying policy

Promoting positive attitudes

We will seek to promote positive attitudes to disability in a number of ways including:

- staff modelling respectful attitudes to disabled students, staff and parents;
- representation of disabled people in positions of responsibility in the school; and
- ensuring there are positive images of disability in school books and other materials.

Accessibility Plan

1. This Accessibility Plan has been drawn up in consultation with pupils, parents, staff and governors of the school and covers the period from January 2018 – December 2021.
2. We are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.
3. The Quwwat Ul Islam Girls' School plans, over time, to increase the accessibility of provision for all pupils, staff and visitors to the school. The Accessibility Plan will contain relevant actions to:

- Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.
 - Increase access to the curriculum for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are equally prepared for life as the able-bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
 - Improve the delivery of written information to pupils, staff, parents and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.
5. Attached are Action Plans, relating to these key aspects of accessibility. These plans will be reviewed and adjusted on an annual basis. New Plans will be drawn up every three years. It may not be feasible to undertake some of the works during the life of this first Accessibility Plan and therefore some items will roll forward into subsequent plans.
6. We acknowledge that there is a need for ongoing awareness raising and training for staff and school committee members in the matter of disability discrimination and the need to inform attitudes on this matter.
7. The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:
- Curriculum
 - Equal Opportunities and Diversity
 - Staff Development
 - Health & Safety (including off-site safety)
 - Inclusion
 - Special Needs
 - Behaviour Management
