Year 5 went to Flipout as their reward from Quwwat ul Islam Girls school for having the highest punctuality in primary last year. Through this positive reinforcement, it has encouraged other pupils in primary to come in on time in order for them to achieve this reward too InshaAllah.

This term year 4 learnt all about Ancient Greece including Greek life and their influence on the western world.

The students made projects such as Greek style houses and other buildings to reflect the lifestyle during Ancient Greece period.

Year 4 also visited Stepney City farm for science and learnt about living things and their habitats. It was a very successful and fun trip.

Student Council

Our students wanted a nicer environment in which they could enjoy their playtimes and lunch times in. Alhamdulillah with the help of the PTA and their fundraising, we were able to pay for a local artist to help us produce this amazing, 'Gardens of Paradise' mural.

InshaAllah we hope that all our students, parents and visitors to the school can enjoy the mural!

A special mention to our PTA who have enabled this vision to become reality.

JazakAllah for you endless hard work and commitment to the school!

Tuck Shop Success

To help promote healthy eating the school has introduced a Tuck Shop which takes place every, Monday, Wednesday and Friday. Healthy snacks such as, apples, bananas and water are available for students to buy between 8:15am – 8:30 am. This has been a great success and will continue to run by the members of the School Council InshaAllah.
