Students had the opportunity to explore the Tower of London. They toured around different sections of the Tower reading the signs to understand what happened on each of the unique features of the Tower.

Students were also enlightened and learnt how the Ottomans, Egyptians and Romans were linked. Sultan Solymn gifted a huge cannon to the king which is displayed at the Tower also Ibrahim Pasha from Egypt visited the Tower. This helped them to understand that Muslims had an important role and had good communications with Britain and the Romans.

They visited the 'The Crown Jewels museum', part of the Royal Collection, the students were mesmerized by the magnificent crowns and understood that these are the most powerful symbols of the British Monarchy and hold deep religious and cultural significance in the nation's history.
