

QUIGS Drop down day

QUIGS Drop Down Day-
 Wednesday 22nd February
 2023

Year Group	10 and 11
Trip Location	Oxford Bodleian library

It was a privilege to visit such a prestigious institution and see ancient artefacts. The highlight was the panoramic view from the terrace at the Weston Library at the Bodleian.

It was a very educational experience. I thought the library was going to be very old but it was actually very modern and had interesting sections. The photography exhibition was good.

I particularly liked the old photos and the way they were stored in metal frames.

I liked the architecture and walking on the pebbled path.
