Atudent comments:

Aliya Ali yr 9: It was a great experience as we got to spend time with our friends and we were given flexibility while there to enjoy the rides.

Parisa Ahmed yr 10: It was a wonderful trip.

Najma and Daneya - It was a very smooth experience, and we were able to freely explore and enjoy ourselves. We appreciated that they took into account our individual wants, trusting us with being civilised and safe. We had a very fun and entertaining trip. Thank you.

Tasneem - it was a very fun time to spent with my friends.
