It allowed the students to participate and express their thoughts, emotions, and aspirations about the importance of rights, freedom, and dignity in a creative and personal way. The goal of this activity was to create a space where participants can explore the significance of human rights and the importance of caring for and upholding these rights in society. Through art, participants can reflect on issues of justice, equality, freedom, and dignity, as well as the ways in which we can protect and care for each other's rights.
