

Post 16 Workshop

28th January 2026

Representatives from Sir George Monoux Sixth Form College will be speaking to students about post-16 pathways and how subject choices can shape future careers. They will explain course entry requirements, including GCSE grades, and will encourage students to set goals, work hard, and research their opportunities. Students will also be advised to choose subjects that align with their interests and strengths, and to start preparing early so they can make informed decisions and succeed in their chosen pathways.

Sir George Monoux Sixth Form

Speaker: Head of Curriculum
