

Post 16 Workshop

10th December 2025

Representatives from Waltham Forest will speak to students about options after secondary school and will introduce the opportunities their college offers. They will share examples of successful former students and will explain qualification levels: Level 1 (basic skills), Level 2 (similar to GCSEs), and Level 3 (equivalent to A-levels and leading to university or higher apprenticeships). They will also describe how college differs from school, with more independence, responsibility, and a stronger focus on chosen subjects or careers.

Waltham Forest

Speaker: Head of Year
